

Concrete Washout Systems, Inc. To Exhibit at CONEXPO-CON/AGG 2005 in Las Vegas

Elk Grove, CA. March 07, 2005 - Concrete Washout Systems, Inc. (CWS), the World's premier concrete washout services provider, announced today that it will be exhibiting at CONEXPO-CON/AGG 2005 trade show in Las Vegas, NV from March 15-19, 2005.

Media personnel are invited to contact us prior to or during the show for additional information regarding our product, service and market.

Attending the show will be:

Mark Jenkins, President
Kevin Mickelson, Vice President
Roger Engelsgaard, VP Operations
John Hall, Stormwater Pollution Specialist

Booth Location:
South Hall / S-9341

Trade show highlights and information that will be available will include; exhibition of our full size Concrete Washout Systems™ container, video of our product in action on jobsites, product and partner announcements, and updates on environmental impact issues relating to concrete construction.

CONEXPO-CON/AGG 2005 will be attended by such companies as; Caterpillar (NYSE: CAT), Case (NYSE: CNH), CEMEX (NYSE: CX), Trimble (NASDAQ: TRMB), Terex (NYSE: TEX), Peterbilt (NASDAQ: PCAR), Ingersoll-Rand (NYSE: IR), Putzmeister America and Schwing.

The patent pending CWS is a portable, self-contained and watertight bin that controls, captures and contains concrete washout material and wastewater. It allows trade personnel to easily washout concrete trucks, pumps and equipment on site and facilitates easy off site recycling of the same concrete materials and wastewater, while protecting the storm drain system from potential illegal discharges. The off site recycling component creates an even more environmentally sound application as concrete material is diverted away from landfills and recycled.

About Concrete Washout Systems, Inc.

Concrete Washout Systems is a risk management specialist and industry pioneer in concrete washout and wastewater removal, treatment and recycling. The patent-pending Concrete Washout Systems provides a cost effective, environmentally friendly and compliance alternative for homebuilders, contractors, ready mix and pump operators and environmental engineering firms.
